**Inside Inclusion: How Can We Be Changemakers?**

Spread the Word month continues with a new episode of Inside Inclusion! Former U.S. Youth Ambassadors Natalie (Utah), Fernando (Washington D.C.), and Jordan (Utah) are joined by Unified Champion Schools Coordinator Bobby Jones for a conversation about spreading inclusion. Watch these “Champion of Change” share advice on how to speak up, advocate for inclusion, and ultimately, Spread the Word.

**Inclusion Tiles:**

The purpose of “Inclusion Tiles” is to provide a starting point for talking about meaningful inclusion. The idea of meaningful inclusion goes beyond people with and without intellectual disabilities. The concept of meaningful inclusion promotes one’s personal value.

Use the online Inclusion Tiles game at [www.generationunified.org/games](http://www.generationunified.org/games). Then, use the discussion questions and tips below for deeper dialogue.

- Where does your school fall on the inclusion spectrum?
- Finish this sentence: “One thing I will do to spread inclusion is…”
- Why do you spread inclusion in your life?
- What are 2 words to describe your school before Unified?
- How can you use words to spread inclusion at your school?
- How does it feel to include others?

**Generation Unified App:**

Interested in other virtual activities? Encourage your school to download the Generation Unified app for specific STW challenges and content all week long! Email Shelby Ryan (sryan@specialolympics.org) if you are interested in learning more.
